I'm overjoyed, and in the sun
The second time this year
I'm on a plane at 30,000 feet
The only way from here is down
And that's okay with me
'Cause I'm overjoyed, I'm ready for the

Fall, fall, fall
'Cause I'm ready for the fall

There's no surprise
I've been forced to learn
That bliss comes at a price
And here I am still minin' gold
From the soul I sold like a whore

The finger of blame is pointing at me
'Cause I lit that flame, now it's burnin' me
But I'm overjoyed and it's no surprise
That I'm ready for the fall

Fall, fall, fall, fall
(That I'm ready for the fall)
Fall, fall, fall, fall
(That I'm ready for the fall)
Fall
