Feeling alone, it's so cold inside, why did you ever
leave
fear of the pain, I can't no longer hide all that's inside
of me

Afraid to admit that it's over, we've gone our own way
and now it's lost forever, now there's nothing left to say

Stay, don't walk away, just don't say, it's over
wait, don't throw it away, just can't say it's over.

Why can't we try to re-right all the wrong, bring it back
again
God knows I've wanted to hold you for so long

Afraid to admit that it's over, we've gone our own way
and now it's lost forever, now there's nothing left to say

Stay, don't walk away, just don't say, it's over
wait, don't throw it away, just can't say it's over.
Try another day, don't end it this way, just don't say it's
over
Try to find a way, say that you'll stay, just don't say it's
over

[solo]

Stay, don't walk way....*[repeat]*....
