The mirror reflects with uncertainty  
Like the mist that clouds the vision of the choice that's  
plainly seen  
The new day greets with bitter sweet beginnings  
My heart's in another place, that it has never been

The saddening truth, to my reality  
I am stuck within this moment in which I cannot change

Walk through the fire alone - Baptized my soul again  
Walk through the fire alone  
And I am stuck within this moment - Yeah again

Now I am left with uncertainty, view my life with  
clouded vision  
All the choices not plainly seen  
Another day greets me with such sweet beginnings  
My soul's in another place, that it has never been

The saddening truth, to my reality - I am stuck within  
this moment  
The saddening truth, to my reality - In which I cannot  
change

Walk through the fire alone - Baptized my soul again  
Walk through the fire alone  
And I am stuck within this moment

Walk through the fire alone - Baptized my soul again  
Walk through the fire alone  
And I am stuck within this moment - Yeah again
