You're walking the street  
You're in need of someone's sympathy  
And someone you meet  
Helps to pass the time just perfectly  
'Cause she takes you by the hand  
Takes you to the promised land  
And gives you her love  
You're drinking alone  
Shadowed by your own uncertainty  
But you'd like to be shown  
Everything you've never dared to see  
Then she takes you by the hand  
Takes you to the promised land  
And gives you her love  
The damage is done  
Taking love on the run  
You can buy your romance  
So you jump at the chance  
Hit and run
