Boom-bang, alone, together  
Heaven now, my dear, and later a hell  
Stay shiny, cool forever  
Tell me what's the chance?

I don't want another lover  
I can't see myself with nobody else  
Do you feel the pain I'm feeling?  
What a heavy stone!

If I could press a button to make the things go right  
If I had the power to turn back time  
I would delete the moments when I yeld and lied  
If i could press a button to make you mine

I can't pretend these fights never happened  
And wait for the tension to blow over  
We've crossed a thin line baby,  
It's time to decide

I don't want another lover  
I can't see myself with nobody else  
Do you feel the pain I'm feeling?  
What a heavy stone!

If I could press a button to make the things go right  
If I had the power to turn back time  
I would delete the moments when I yeld and lied  
If i could press a button to make you mine

Baby I'm leaving tonight  
I guess there's no other way  
I will just pack my bags  
Unless you want me to stay

I'm gonna do this slowly

So you'll have plenty of time  
Gather all your energy  
And come tell me to stop

If I could press a button to make the things go right  
If I had the power to turn back time  
I would delete the moments when I yeld and lied  
If i could press a button to make you mine
