No more you and me,
I'm free but I'm not happy
No more you and me,
I look around and your room is empty

No one is yelling now,
I cannot hear a sound,
My lips are burning dry
I can't even cry,

I shiver by the phone,
And hope for you to call
This cannot be the end,
I need a friend

I don't want this night to come,
I don't wanna face the pain alone
I don't want this night to come,
I don't wanna face the pain alone

No more you and me,
I'm free but I'm not happy,
No more you and me,
I look around and your room is empty

I'm running on the streets,
Lovers - it's all I see
I hate their happy laughs,
I am so down

Six hours since you left,
And soon the sun will set
I start to feel the pain,
It's getting worst and I'm scared

I don't want this night to come,

I don't wanna face the pain alone
I don't want this night to come,
I don't wanna face the pain alone

Tonight is gonna be alright,
Tonight is gonna be alright.

I don't want this night to come,
I don't wanna face the pain alone
I don't want this night to come,
I don't wanna face the pain alone
