Verse 1:

Give me your heart so I can crush your soul, tear it
apart and tell you it
Was just for laughs.
I'd like to think I ruined your life for the better, but I
know you too
Well.
There is a part of you that still loves me.
Somewhere, so deep inside you know we were meant
to see
The end together 'cause united we stand and apart we
will fall so I ask of
You...

Chorus 1:

"Would you be alright on your own, okay all alone?"
And I plead, don't leave 'cause I need you to breath.
(No tell tale heart was left to find that night.)
Can we skip the part you're breaking my heart girl?

Verse 2:

All I ever wanted was to make you laugh, tell you I love
you and to hear
You say it back.
A little bit of you was more than enough for me girl now
I need to know...

Chorus 2:

"Would you be alright on your own, okay all alone?"
And I plead, don't leave 'cause I need you to breath,
(No tell tale heart was left to find that night.)
To feed and to see and I know you'll go oh whoa.
(No tell tale heart was left to find that day.)

Bridge:

So tell me if you want me back. Forgive me, say your
sorry. (Suddenly)
Your soldiers are dying and (you begin to see)
Your tidal waves are crashing (your world begins)
Around me. (to spin again)
They surround me. (and you've lost control)

It's you and me my lover. (and your soul)
We were meant to be together. (now you know)
I can see your true colors (your all time low.)
'Cause deep inside your right, but hoped you'd be
wrong.
Go back to paradise where you belong (Girl I still need
to know)

Chorus 3:

Would you be alright on your own, okay all alone?
And I plead, don't leave 'cause I need you to breath.
(No tell tale heart was left to find that night.)
Can we skip the part where you're breaking my heart
girl?
You're breaking my heart girl.
