I can tell by that look some of you don't understand

And I can't see how any of you can

When the dark walks up to you

You gotta shake his hand

You ain't ever gonna win the game

Hell kid you don't even know the coach's name

And everything you ever looked up to

Now it's all looking down on you

Trying to see if you can get back up

Out of that hole you climbed into

But they're not expecting much

Cause you got so far down

You got so far down

Well you're right, cause I had to take a look around

See the way they're talking

There ain't nothing here but ???

All I had to do was take a swing

I'd hit that thing

Anybody could

But I've been in long enough to know when it's no good

I've been in long enough to know when it's no good

Iâ€™ve been in long enough to know I ainâ€™t even getting
close

I ainâ€™t even getting close
