Well I got nothing to lose I've paid my dues
ain't got no one to deceive but that don't make me
grieve
you gotta rock me baby rock me
you gotta rock me baby rock me
you gotta rock me baby rock me
now if you're looking to please well then that's all I
need
but when you're giving up me head remember what I
said
you gotta rock me baby rock me
you gotta rock me baby rock me
you gotta rock me baby rock me
now if you give me your time well then I'm feeling fine
but if you give me your love there ain't no one above
you gotta rock me baby rock me
you gotta rock me baby rock me
you gotta rock me baby rock me
now if you're looking to please well that's all I need
but when you're giving me head remember what I said
you gotta rock me baby rock me
you gotta rock me baby rock me
you gotta rock me baby rock me
