Ain't about to go back, about to go back,
Ain't about to live a life like that.
Don't wanna try it again,
Don't wanna do it again,
Ain't about to live a life like that.

I ain't about to go back, about to go back,
Ain't ready for a life like that.
Ripped all out of me,
Terrified all of me,
Ain't about to live a life like that.

You changed you mind, but you lost it too,
To think that I'm still in love with you.
You're on it bad in your black tatoo.
Ha! Ha! Don't make me laugh!
Once is enough to get the chance,
This is been done before.

Ain't about to go back, about to go back,
Ain't about to live a life like that.
Don't wanna try it again,
Don't wanna do it again,
Ain't about to live a life like that.

I ain't about to go back, about to go back,
Ain't ready for a life like that.
Ripped all out of me,
Terrified all of me,
Ain't about to live a life like that.

Strange voices on a party line,
Enjoying gags and laughs over mine. (?)
Now they place stabbing in my spine. (?)
Ha! Ha! Don't make me laugh!
You have my words, my better half,
Because that this is been done before.

Ain't about to go back, about to go back,
Ain't about to live a life like that.
Don't wanna try it again,

Don't wanna do it again,
Ain't about to live a life like that.

So let me make this clear,
Don't show your face in here.
And other men should understand it,
So you should disappear.

Ain't about to go back, about to go back,
Ain't about to live a life like that.
Don't wanna try it again,
Don't wanna do it again,
Ain't about to live a life like that.

I ain't about to go back, about to go back,
Ain't ready for a life like that.
Ripped all out of me,
Terrified all of me,
Ain't about to live a life like that.

Ja e s? tr?tt p? att se dig h?r,
S? ta ditt pick och pack och dra h?rifr?n
Fattar du det, din sura j?vel! Stick!
Stick iv?g, stick iv?g,
Stick iv?g, stick iv?g,
Stick!
Och han drog iv?g till stan...
