Well I got nothing to lose I've paid my dues  
ain't got no one to deceive but that don't make me  
grieve  
you gotta rock me baby rock me  
you gotta rock me baby rock me  
you gotta rock me baby rock me  
now if you're looking to please well then that's all I  
need  
but when you're giving up me head remember what I  
said  
you gotta rock me baby rock me  
you gotta rock me baby rock me  
you gotta rock me baby rock me  
now if you give me your time well then I'm feeling fine

but if you give me your love there ain't no one above  
you gotta rock me baby rock me  
you gotta rock me baby rock me  
you gotta rock me baby rock me  
now if you're looking to please well that's all I need  
but when you're giving me head remember what I said  
you gotta rock me baby rock me  
you gotta rock me baby rock me  
you gotta rock me baby rock me
