### "Happy, Happy Year For Us All"

Times I remember  
Days from the year passing by  
Late in December  
Looking for signs up in the sky  
Oh, come, come let me show you how  
This could be lasting forever  
Oh, come, come let me tell you now  
What Im feeling for you  
What I found to be true  
Its a night for lovers  
A time for romance  
The future bringing us words of promise  
A brand new start  
If we take the chance  
A happy, happy year for us all  
This situation  
When we look back on new years day  
Our celebration  
I wanna take you all the way  
Oh, come, come let me show you how  
This could be lasting forever  
Oh, come, come let me tell you now  
What Im feeling for you  
What I found to be true  
Its a night for lovers  
A time for romance  
The future bringing us words of promise  
A brand new start  
If we take the chance  
A happy, happy year for us  
Oh, come, come let me show you how  
This could be lasting forever  
Oh, come, come let me tell you now  
What Im feeling for you  
What I found to be true  
Its a night for lovers  
A time for romance  
The future bringing us words of promise  
A brand new start  
If we take the chance  
A happy, happy year for us

Its a night for lovers  
A time for romance  
The future bringing us words of promise  
A brand new start  
If we take the chance  
A happy, happy year for us
