Riders of the night are screaming hard upon my heels  
Princely lords of chaos forging black and fiery wheels  
And the mother of the earth is being widowed in my  
sight  
Father of deception using wrong instead of right  
And the moon overshadows the sun  
And the masters of war carry on  
While the fools and jokers make fun  
Oh, see them run  
Sister of illusion bend and follow in their mould  
Brother of opinion just remember what you're told  
That a weapon in a traitor's hand will harm you twice as  
bad  
Forests of indifference guaranteed to make you mad  
And the moon overshadows the sun  
And the masters of war carry on  
While the fools and jokers make fun  
Oh, see them run  
They can't be playing  
Turning me upside down (down)  
They've got me praying  
I'll end up in the ground (oh yeah)  
When they've burnt up everything  
And killed the air for me to breathe  
Still they would be thinking there was more they could  
achieve  
Then at last they would be beaten  
For alone they all would stand  
Looking at each other just as if it had been planned  
And the moon disappears with the sun  
And the masters are masters of none  
While the fools and the jokers are gone  
Now they're one  
Oh how they run (oh)  
They can't be playing  
Turning me upside down (down)  
They've got me praying  
I'll end up in the ground  
And the moon overshadows the sun  
And the masters are masters of none  
While the fools and the jokers are gone  
Now they're one
