"So Let It Rain"

I write my story using all my own ideas
I don't know the ending, but there'll be tears
I made my own sky cause I know what it's about
There's no defending, well scream and shout
I don't conceal many things, but beware
In time I will fall, that's alright, I don't care

Chorus:

So let it rain, oh let it rain down on me
Yeah let it rain, oh let it rain down on me
You know that I don't give a damn
I'm only me, that's who I am
So let it rain, so let it rain
Let it rain, yeah let it rain down on me

Your days are numbered, telling you which way to go
And your existence, an all time low
No need to worry, you're the last thing on my mind
I'll go the distance, see what I find
People say I'm a fool, that's unfair
Stay in the way, if you want, I don't care

Chorus

So let it rain, oh let it rain down on me
Yeah let it rain, oh let it rain down on me
You know that I don't give a damn
I'm only me, that's who I am
So let it rain, so let it rain
Yeah Let it rain, down on me

Some people would try to hide but instead, they never
redeem
And maybe one day it will happen to me
I still watch all the clouds uá¹— ahead, flood out to the
sea
And when it comes down, it means nothing to me

Chorus

So let it rain, oh let it rain down on me
Yeah let it rain, oh let it rain down on me
So let it rain, so let it rain

Oh Let it rain, down on me
So let it rain, oh let it rain down one me
You know that I don't give a damn
I'm only me, that's who I am
So let it rain, so let it rain down one me
Yeah let it rain down one me
So let it rain, oh let it rain down one me
Yeah let it rain, so let it rain, oh let it rain down one me
You know that I don't give a damn
I'm only me, that's who I am
So let it rain, oh let it rain down one me
Yeah let it rain, oh let it rain down one me
