I won't go softly
Won't be discreet
You know I'm not drownin'
Don't need relief
Ain't tired of livin'
I don't wanna die
My cup ain't empty
It won't run dry

Where is the journey no one defies
The end comes early
That's no surprise
When it's all over & it's all done
The best is waitin' & yet to come

Take me to the edge
Let me look across
Sacrifice the conversation
Stuck on muddy ground
I can't find the key
Just another complication

My hands are tied & bound
Can't get nothin' done
Run away from accusation
I'm alive and well
No more yesterdays
I don't need the confrontation

When apprehension gets overdone
Let everyday pass
And one by one
A new beginning
A brand new start
As the old memories inspire the heart

Where is the journey no one defies
The end comes early
That's no surprise
When it's all over & it's all done
The best is waitin' and yet to come

Take me to the edge
Let me look across
Sacrifice the conversation
Stuck on muddy ground
I can't find the key
Just another complication

My hands are tied and bound
Can't get nothin' done
Run away from accusation
I'm alive & well
No more yesterdays
I don't need the confrontation
