"This Heart"

Look at my face & you can tell
There's not a trace that you know well
An empty space, a broken spell
No lesson, no possession

Hypnotic trance, eclectic smile
Worked out advance, night last awhile
Some secret plan, complete denial
No questions, all deception
There's no way of knowin'the way way'll be goin'
There's no way of knowin'the truth
I can't stop

CHORUS:

This heart of mine
Now that it's over This heart of mine
Says it's the end
This heart of mine
Turnin' much colder
This heart of mine
Is hard to defend

I can address & I can heal
You can't possess the way I feel
I might be blessed with somethin' real
Too painful, your black angel
There's no way of knowin'the way I'll be goin'
There's no way of knowin'the truth
I can't stop

CHORUS

Now you've been told
Your body not soul
Gets you more than you could need
Only you found out
You're losin' control
And you never will succeed

There's no way of knowin'the way way'll be goin'
There's no way of knowin'the truth

I can't stop

2 X CHORUS

(guitar solo)
