You're caught up in anger, trying to hurt
That feeling will change you, just like a curse
You say you don't feel it
- we all need to be loved
You say don't believe it
- we all need to be loved
You think you're so clever, don't get it wrong
Cause you should know better than just play along
You say you don't feel it
- we all need to be loved
You say don't believe it
- we all need to be loved
Deep in the night, when you're alone
Shadows will fall, you'll hear your name when no one
has called
Well there's no power as strong as love is
With love you've got it all
There's no power as strong as love is
You can open any door
Your message is clouded, make yourself clear
Your alibi's faded, spill one more tear
You say you don't feel it
- we all need to be loved
You say don't believe it
- we all need to be loved
Deep in the night, when you're alone
Shadows will fall, you'll hear your name when no one
has called
Well there's no power as strong as love is
With love you've got it all
There's no power as strong as love is
You can open any door
We all need to be loved...
We all need to be loved...
(Guitar Solo)
Well there's no power as strong as love is
With love you've got it all
There's no power as strong as love is
You can open any door
There's no power as strong as love is
With love you've got it all
There's no power as strong as love is

You can open any door
