Nobody's leaving
This world tonight
The way I'm feeling
We'll be all right
So many people
Going nowhere
The poor forsaken
Nobody cares

I wonder what you're thinking
I don't know where you are
Can't stop my heart from sinking
Before it gets too far

Wild angels in the sky, baby
Diamonds fall like rain
Nobody told you why, baby
Isn't that a shame?

The room is empty
The city sleeps
We pass by gently
And shadows creep
But come tomorrow
There's no relief
And I'm still looking
In disbelief

I wonder what you're thinking
I don't know where you are
Can't stop my heart from sinking
Before it gets too far

Wild angels in the sky, baby
Thunder in the air
Don't let it make you cry, baby
You won't have a prayer

Something out of nothing
Tell me if I'm right
Stranded here forever
Take me home tonight

Maybe let it happen
Keep it in your mind
Maybe there's no answer
Don't get left behind

Wild angels in the sky, baby
Diamonds fall like rain
Nobody told you why, baby
Isn't that a shame?

Wild angels in the sky, baby
Thunder in the air
Don't let it make you cry, baby
You won't have a prayer
