I really like to be you
I've got to sigh together
Because it's been a while since i saw you smile
Honestly

So sudden things to get change
I thought we might have lost it forever
You've killed your damned
Kick the demons out
Let us in (Let us in, let us in)

We're back to become one
With the truth that you're someone
Give it a clearside
And things are gonna be alright

Oh, you're back to become one
With the truth that you're someone
Turning the headlights on
Now things are gonna be alright

I'm so proud
All that you do
The frustration
Has been so hard for you

Feels so good to be there
Breaking that awful silence
Talking 'bout ordinary things
We could do

Back to become one
With the truth that you're someone
Give it a clearside
Now things are gonna be alright

Oh, you're back to become one
With the truth, you're someone
Turning the headlights on
Things are gonna be alright

Aaah ah ah..
