What happened you became someone else and,  
just starring out from what you are trapped in  
This room where nothing seems to be coming,  
fuck you cause everything seems to offend you

What happened you became someone else, man  
Just staring out from what you are trapped in,  
this room where nothing seems to be coming  
Fuck you, 'cause everything seems to offend you

I got to be honest I can't relate to your new found faith,  
you got rid of all the love and began to hate.  
It might not be easy for you to see,  
in the long run you'll be as lonely as a lonely man can  
ever be.

What happened you became someone else, man  
Just staring out from what you are trapped in,  
this room where nothing seems to be coming  
Fuck you, 'cause everything seems to offend you

What happened you became someone else, man  
Just staring out from what you are trapped in,  
this room where nothing seems to be coming  
Fuck you, 'cause everything seems to offend you

I got to be honest I won't debate with the truth within  
your faith,  
you probably got some reasons for your hate  
If you're seeking for justice somewhere around,  
please don't be a stranger  
come up and tell me all about it this time

What happened you became someone else, man  
Just staring out from what you are trapped in,  
this room where nothing seems to be coming  
Fuck you, 'cause everything seems to offend you

What happened you became someone else, man  
Just staring out from what you are trapped in,  
this room where nothing seems to be coming

Fuck you, 'cause everything seems to offend you
