Satan is liar and a conquer too if you don't watch out
he'll conquer you ezekele said he saw him a wheel in
the middle of a wheel

some say the rose or sherrin others say the prince of
peace well I can tell this old world he's been a rock and
shelter for me Elijah rock shout shout shout Elijah rock
coming home lord I can call my rock in the morning call
him late at night he's always with me all my battles he
fight when I'm in trouble I can call him on the line he put
a telephone in my heart and I can call glory anytime
