I've been to many places

Then seen many tears

I've seen so many faces

Turn away in fear

For they knew I had come

To steal their years

Ah, world of beauty so rich in life

Well, you couldn't know that death is my wife

Ah, planet of mirth, and it is so sweet

Well, didn't you see I too must eat

Sometimes you may think I'm just

Sleepin'

Well, I'm just waitin' for the darkness

To seep in

World of wonder and heavenly grace

Well, don't you see that you can't hide your face

Well, time will pass on and on away

But I know I'll always have my way

Well, I just wanna' pick you

So much to keep

But if you recognize my goal

Then weep

And if sometime you feel you're tired

Then sleep

Ah, you'll sleep so deep
