Think fast before they say that I love you
Think fast before they say you love me to
Cause then I'll put my runningshoes on
And I'll run, run, run
I ran

Cause I love the exercise and morningbreeze
And I run when I know what people hear
About you and me and everyone we know
That's just the way it goes

But they won't tell anyone about this no, no.no
Just a few of their lets say twnty best friends
That you can choose to study medecine
Just a few of their lets say twenty best friends
That we've been making out in front of television

Think twice before they say, "I said so"
Think twice, in a few sec the whole office know
That we've been holding hands and haven't said
Hello, hello, hello
Nothing's happened though

And please, don't take this way too far
Cause they've already been whispering at the
backstagebar
About you and me and everyone we know
That's just the way it goes

But they won't tell anyone about this no, no.no
Just a few of their lets say twenty best friends
That you sent a text to me and I was overwhelmed
Just a few of their lets say thirty best friends
That I had a bad day and thought it was the end

I've heard that Sarah said to Maria that Oskar
And Fredrik found out that Julia
And Tommy was trying to see through that Josefine and
Annika
Don't remember excacly but I
Think it was Sarah that said to Maria...

About you and me and everyone we know
That's just the way it goes
That's just the way life shows
