Sugar pop, funky pops

Coffee, tea or me, baby, touche ole
My opening line might be a bit passe
But don't think that I don't know what I'm feeling for you
'Cause I got a vibe on you the first time that I saw you,
saw you

I need your love and I won't bring no pain
A little birdie told me that you feel the same
I'm for the real and for you I'm true blue
Let's make a deal, sugar, all I want to do is

Be your one and only lover
I just want to be your lovergirl
I just want to rock your world, hey

Hook, line and sinker, baby, that's how you caught me
My second verse might be a bit old hat but
Don't think that I don't know what it's doing to me
'Cause I got a vibe on you the first time you saw
through me, through me

I need your love and I won't bring no pain
A little birdie told me that you feel the same
I'm for the real and for you I'm true blue
Let's make a deal, sugar, all I want to do is

Be your one and only lover
I just want to be your lovergirl
I just want to rock your world, hey

I just want to be your lovergirl
I just want to rock your world, hey

Baby, let me groove you
Let me groove into your love
I just want to be your lovergirl
Let me prove it to you
Baby, let me rock your world
I just want to rock your world

Coffee, tea or me, baby, touche ole
My opening line might be a bit passe
But don't think that I don't know what I'm feeling for you
'Cause I got a vibe on you the first time that I saw you

When the push comes to shove and you need a little
love
Let me put some rock into your world
Call me up, don't be shy for my love will make you high
I just want to be your lovergirl
