Get a hold of myself I gotta be strong.
This is my turn to make the change.
I understand this is all on me.
But for now I have to stay sane.
And she is running away.
I try & reach you.
But she's just running way to fast.
Thinking of ways to show
My love right back to you.
Maybe if I could write down
The things that might
Show you how I feel.
All that's left is your name
And that you'll love me.
Show the world
I want you to be my girl
Because baby we're the lucky ones
I know that we can come out clean.
I know you'll always have a part of me.
I remember you called me your hero.
I reminisce about the things that we've done.
There's some songs left to be sung.
So join along to the beating of our hearts.
Yeah.
Thinking of ways to show my love right back to you.
Maybe if I could write down
The things that might
Show you how I feel
All that's left is your name
And that you'll love me?
Show the world
I want you to be my girl
Because baby we're the lucky ones.
Maybe if I could take you back
To show were in love
And that is that
Maybe if I could write down
The things that might
Show you how I feel
All that's left is your name
And that you'll love me?

I'll show the world I want you to be my girl.
Because baby
Oh Baby
Yeah, Woahh
Oh we're the lucky ones.
Oh we're the lucky ones...
Yeaahh
