A couple of weeks out of my life  
That was all we were  
(all we were)

You fell right into passion's web  
Haven't you ever learned  
(you never learn)

I never gave you my heart  
We were always one step apart  
Chorus:  
Did you think that we were somethin'?  
Do you miss the world we shared?  
Did you think we'd just go on & on & on & on?  
I'm afraid you were mistaken  
I need more than just one man  
I was never one to see love through till the end

They say time can heal all wounds  
So don't you worry  
(don't you worry)

Throw that smile back on your face  
In a hurry  
(in a hurry)  
Don't come crashing through my door  
Love don't live here no more

(chorus)

Boy you were really somethin'  
Diamonds in your eyes

It wasn't all for nothin'  
You had me hypnotized, kept me mesmerized  
You know you did  
You know you did....

Don't come crashin' through my door  
Love don't live here no more

(chorus x2)

Just go on & on & on & on  
See love through till the end
