I fuck with real niggas don't associate with lames
Comfortable alone so I don't drive names
I be everywhere never tucking my chain
This is what it is homie, I don't play games
I'm a different kind of nigggga, different kind of nigga
You can tell how I talk, I'm a different kind of nigga
I'm a different kind of nigggga, different kind of nigga
You can tell how I walk, I'm a different kind of nigga
I'm a different kind of nigga, I'm a different kind of
nigga

Yeah, I'm like god to these fuck boys,
Ah, nothing in common with these fuck boys
Yeah, these pussy niggas got they tongue showing
Me, my guns are all like the Honda blowing
Don't mix me up with these lame niggas,
Take a look inside my eyes, we not the same niggas
Certified goon out my live wire
In and out of cruise, you a dick rider
Type of nigga like to stunt around them hoes
Talking killer talk but he ain't really bout it though
I'm different than these lames real g's ride
I can read these niggas by they jean size
Just because he fashion money that don't make him
live mami
You gotta look deeper in his eyes mami
He not a g, just a lamer in disguise
Separate the real, I'm the... in grind

For heading all the hammer, young ball let them miss a
lot
Dope dealing dictator, dick dumping dope boys
Dropping dimes to the geese, get duck taping rope boy
Me and him ain't the same son, I don't know where they
came from
Try to fix in the industry, but look at me, I ain't one
I done made cocaine runs, out west with gang from
My real life like saint's row, with bang bros, you a lame
son
See me out... in the club, where nobody go
But I'm never slipping, put a clip in erybody pot
Still the same dude from Chrishaw to... park
Till I hop hour, fuck chains like it's...
I'm a live nigga, you just alive nigga
Wanna know the reason why look aside nigga
Before you roll look your bro in the eyes nigga
Erybody round for the ride, they gonn ride nigga!

You can't get no romance, just get with this program
Pamphlet, roast y'all, for sure
You right, you might just get too nice
They gonn both be tonight
I'm so about this money, it's embedded in my brain
If I throw my thoughts around, it's gonn rain down
Change on you lames, ah

No instructions how to play it, I ain't with the game
Black flag nigga, don't forget the name
Maino a real nigga, call him realistic main
Me, I'm mister martin, they wishing they didn't start it
The same initial they wish they could trade...
Them killers round they hitting they aim awesome
