Intro -

Chris Brown: They might even say you should leave me alone

Dont be scared...They might even say you should leave me alone. (fading in and out)

Verse 1:

They tell you that Im no good for you.

Too rude, too cool, too hood for ya.

Ya friends sayin things that they shouldnt tell you.

They like, "Nah girl he a bad look for you."

They try to paint me to be a monster.

N all that jus makes you put your guards up.

Im like nahh dont trust what cha friends say.

Cuz they miserable, They hatin its clear as day.

All that talk in the beauty shop is hear say.

You cant believe em when they tell you that im crazy.

Yes, I cant lie that im a hood nigga, but deep down im a good nigga.

Chorus (repeat of intro)

Verse 2:

Listen yeah,

Look what chu showed me,

How could you fault me.

You let em judge me N they dont even know me.

What makes me so bad? Because my pants sag?

I shouldnt have to make no excuse for who I am.

Yeah Im a thug right?

You what a thug likes.

I cant help that I want chu in a thugs life.

I mean the whole world is what im tryna bring to ya.

Make ya own choice, dont let em think for you.

You prolly think what cha friends say cant be wrong.

"What kinda man always keeps a bandana on?"

So now you back to ignorin me.

You back lyin to yourself about wantin me.

Chorus (repeat)

Verse 3:

I cant stop all the things that they say about me (i cant.)

But whats sad is you believe what you hear about
me.(damn)

You cant see all these haters wanna see you doubt me

But deep down girl I know you see yourself around me

Im so real, man my life is a movie flick

You cant see it cuz you caught up on that booshy shit

Now tell me you dont want me.

Look me in my face, say you never gonna call me.

Tell me you dont wanna open up N give me all that.

Feel on my tattoos, touch where im scarred at.

I guess Im tryin jus a bit much.

You care what other people think, so Ima give it up.

Outtro - Chris brown fading out
