(Steady are you ready)
However do you need it
However do you want it [5X]
(Hustle Hard!)

Look! Keep Pushing like I ain't gotta care
I from the bottom and I'm never going back there
It's only uphill I know how the ground feels
Can't sleep when I'm day dreaming on a mill
Waking up broke I ain't have nothing
I'm a sell anything for me to make something
Money in a Prada Bag, Bricks in a Beemer
Feeling like I'm only gonna be drug dealer
Look nigga, never had much as a child
That's why I'm in the club spending money now
You ever seen a nigga make history
Look at me I'm living testimony

However do you need it
However do you want it [5X]
(You want it . You need it)

Look, came a long way from hustling for thousands
In and out of jail couldn't keep from wilin'
Now I'm taking pictures with a smile on
It's a big fat winny and a crown on
I can see the world the s65
Push a button and it feels like I'm in the sky
Hood nigga that's gotta taste the life YEAH!
Going back to nothing is a nightmare
Getting high getting twisted in them Cali hills
Plenty bitches just imagine how that gotta feel
You can tell I want it; look like I need it.
I'm a win, you can see it

However do you need it
However do you want it [5X]
(You want it . You need it)
Back to life; back to reality [4X]
(My Reality yeaaaah!)

Look my reality is to take it the top dog

Why do you think I made it off the block for
Could've been in the cage knocked off
But I'm a rise like a rocket when it pops off
All I see and dream of is success
I can't even think of having nothing less
I'm a proof of what a street dream is
However do you want it; get it how you live

However do you need it
However do you want it [5X]
(You want it . You need it)
