Gyptian:

Yea, yea yea... whoa, yea yea..

Chorus:

She feelin' good now

When I rub the body

And she's cancer to me

There's nowhere else I'd rather be

I make her warmer, even if its colder outside

I keep her warm on the inside, I feel it deeper

Baby I'm da cool spark, I make it ????

But baby I'm da don down herr, I'm from a place called
Jamaica baby

Cause it's you I want.. I want.. I want...

Gyptian:

Baby you can, baby you give me that sparks

Baby you lighten up my dark, make it brighter

Only you girl, I see you in my dream land

And now you be the one I see, the things that ???

Baby, no one ever like you, no one like the way we do

No one say the things we say, I wanna see you
everyday

Baby don't leave, girl you are so special

'Cause you are so sexy, everytime I see you.. grows in
my fantasy

Maino:

Ahuh

I hear ya Gyptian.. I do

That's what I'm talkin bout.. Brooklyn

Welcome to my wonderful world of unstoppable

Come on, Maino...

Its obvious I was tryin' hard to conceal it

I'm nervous, I ain't use to feelin' what I'm feelin'

Caught me off guard no grip, now I'm spinnin'

Caught up in your world and I hate to admit it

Baby I'm afraid what I fear might be true, I'm open my
entire focus is you

All I see is you, images of you,

I only see my dawgs cause I'd rather be wit chu

Tell me what is wrong with me, you the only thing I think
of

Still tryin' to run, I don't wanna think love
I'm in deep thought, maybe thinkin' too much
Daydreamin' all alone in a room stuck
You the picture of my soul, vision in my mind
You the dagger in my heart, how will I survive
Just maybe you're the women that'd change me
Have me comin' home just to you
lord save me
Chorus (x 1)
