No breaks now we rollin, unstoppable.

Aint you and a pair red bottom shoes.

Top down lip locking in a two seat,  
High speed champagne, just you and me.

[Ricky Blaze:]

Do you know how it feels?  
To wake up with someone that you love.  
It feels so real, my angel was sent from above.  
I like to see her smile, even when i look i look in her  
eyes.

I get butterflies (flies)

I dont wanna change, I dont wanna change, I dont  
wanna change her life  
I wanna change her last name, give her mine onto hers  
But feeling first, babygirl  
Your my world, no other girl, i just wanna make this last  
forever.

[Chorus:]

My queen shes next to me(shes next to me)

I need, her loving feel (her loving feel)  
Just stay, right by my side (just you and i)  
Just you and I, Just you and i, Just you and I.

[Ricky Blaze:]

Baby girl, you can tell your friends about us.  
No other girl, whats love dont bond and trust.  
Im not trying to be the most perfect guy,  
but do right in your eyes, eyes (yeah)  
I know your tired, I know your tired  
i know your tired of the losers.  
But when love come our way, beggers cant be  
choosers.  
I just wanna make you mine forever (ever, ever, ever,  
forever)

[Chorus:] x2

My queen shes next to me(shes next to me)  
I need, her loving feel (her loving feel)  
Just stay, right by my side (just you and i)  
Just you and I, Just you and i, Just you and I.
