[Verse 1: Maino]
Now-Now my name ring, my chain bling, got sparkles
over my champagne
My bitch is bad, these niggas mad, I guess that's just
what the fame brings
Brooklyn boy get plenty love, on that turnpike with my
Philly broad
Miami bound with my D.C. chick and we let it fly when
we in the club
I'm worldwide I'm certified, pop a bottle my Cali dime
Photogenic, windows tinted, what type of car the Ferrari
kind
I'm on the grind never slowin up, pop cash and throw it
up
Haters watch while I do it up, THE REMIX BITCH I'm
BLOWIN UP!

[Verse 2: Ace Hood]
Ok now hold up, swole up, my bank roll it don't fold up
Hatin me nigga so what, twenty grand for me to show

Stare in the club in his own eyes, champagne I sip mine

Ball out, ball hard, you can't 'cause it's rent time
Straight G's in my frontline, sound fit they got alpine
Blowin bands in that strip club, count it up in your down

[Verse 3: Meek Mill]

Count D, M.I.A, twenty racks, let it fly

That your man? Excuse yourself, be polite, tell him bye

Hoes know when we in this bitch we make it rain and
ain't never dry

White cups, Cali kush, everybody 'round me hardly
high, Ha!

Where Maino at? In my new whip with the same old
strap

Red beam on it like they know back, high price on it

Put my name on that and the hood go crazy, and the
hood go crazy

It's double MG but I'm 'bout that Cash Money like Baby
BITCH!

[Verse 4: Jim Jones (DJ Khaled)]

Bow our heads, say our grace, make it out the hood
was Amazing Grace

Forty on the lap just to play it safe, roll your lights with
the plain face

Tell me how the life with the fam taste? Tell me slow
down 'cause it ain't a race

Bought two cars on the same day, fuck two broads on
the same night

Fucked your broad 'cause my game tight, sit ringside
at the main fight

Brand new Airs called Gang White, feels so good but it
ain't right

HA! HA! HA! Had ten minutes still made the flight

I told the pilot, let it fly, I'm in BK and I'm in Bed-Stuy
(LET'S GO!)

No coach bag if I go with that, snake skin, toe that,
