like i know you, u live trough your music i relate to your

feeling how u felt just me against the world, spit into
the camera-yeaa thats something i would do in a court
room on trial fresh out the hospital alot of things
changed in the game since you clocked out suge aint
tuff no more he got knocked out, real niggas out
numbered 99 to 1, im alone it feels like im the last one.
because im from were im from i took bigs side i cant lie
but your music was the soundtrack to my life, im
honest its deeper than just rhyming i never crossed
past without a couple things in common see i dont give
a fuck like you aint give a fuck same bandana same
middle finger up love my niggas and catered to no
bitch, im on one mission and that is to get rich tell me
were i fit im cut from a different key i keep it real i aint
fit for this industrie cocksuckers and liers they not men
to me its no love they motivated by jelousy none of
these niggas is wat they pretend to be,, lord protect me
from my friends not my enemies they sleeping on me
they thinking that i wont shine but i made it this far
without a co-sign just me waving my black flag
watching niggas mimiking you and i just laugh i know
how it feels to try to change ure life, but theirs still
some niggas i wanna stick my knife in,damn- but thats
another story, another song it was an honor to finally
meet the outlaws who can they compare me to if not u
dont follow let other niggas do auto tune im from
brooklyn but theirs real gs everywhere and on the
shelve theirs a snitch on every tear it aint about east
cost or west cost to all of my soldiers lets make a toast
to fallen comrads and thugs too i need them to love me
how they love you straight to the top is where ima be i
would be lying if i say u aint inspire me
