So it seems that I'm alone 'cuz you said that
I would never want for anything again
But my eyes are set low and I'm holding
To the things that I know I can't keep

I keep on chasing the wrong things
And coming up empty
This isn't who I'm s'pposed to be
I keep on running the hard way
From every mistake
And I'm finding each time that you fall
You're just becoming who you are

So it seems that I'm alone 'cuz I keep on
Searching for the answers that I don't need
I know I don't need

I keep on chasing the wrong things
And coming up empty
This isn't who I'm s'pposed to be
I keep on running the hard way
From every mistake
And I'm finding each time that you fall
You're just becoming who you are

Who you are(x2)
We're just becoming, just becoming (x2)

I keep on chasing the wrong things
And coming up empty
This isn't who I'm supposed to be
I keep on running the hard way
From every mistake
And I'm finding each time that you fall
You're just becoming who you are

(I'm finding each time that you fall)
Who you are
(I'm finding each time that you fall)
You're just becoming who you are
