Little how I know your ways
I'm a fool
Still the fire in my heart
Never leaves me

(chorus)
Time past won't disappear
Memories stay
Never to die
My heart will never change

Cé leis an dá léis
I measc mo dhaoine
Bimse uaigneach
(Whose is the sorrow among my people
I feel alone)

Strange now it's too late for me
By myself
Empty as the days go by
Without you
Haunting me

Movements of a clouded sky
And it rains
Peaceful is the dark at night
Full of silence
