Somewhere in moments you look to the past  
Searching through pages of time  
And you step back deciding  
What's foolish, what's wise  
Seems so clear in your mind  
Never doubting this love from the start

Chorus:

MothaÃm thÃº cogarnaÃ  
MothaÃm thÃº le comhairle  
(I hear you whispering  
I hear your advice)  
Thought that I knew it all, no easy way  
MothaÃm thÃº cogarnaÃ  
MothaÃm thÃº le comhairle  
(I hear you whispering  
I hear your advice)  
For us all?

Pathways are taken  
Some easy, some hard  
Seems to matter less now  
As you cherish what's dear to your heart

(Chorus twice)
