Whispered words
Secret old
Whispering words

I gave you my answer
On the stepping ground
I gave you my answer
In the days of the dancing

Whispered words
Eagle stare, not a care
Worlds apart, out of tune
With souls laid bare
Then the music stops

Chorus:
I gave you my answer
On the stepping ground
I gave you my answer
In the days of the dancing
In the days of the dancing

Sheltered hearts beat in time
Never more certain
Shattered dreams, flood of tears
The final curtain
Then the music starts
Here comes the night
Worlds apart, step in time
With hearts on fire
Whispered words, laughing eyes
So long my valentine
Dim the dance hall lights

(Chorus twice)
