Chorus:

Change the words, don't change the meaning  
Change the hands, but don't change the healing  
Change the tune, but don't change the feeling  
Change the heart, but don't change the needing

I heard Your voice whisper to the wild water  
Step by step, slowly I turn

(Chorus)

I felt the wind wounding my soul with love  
Keep me safe in Your heart

(Chorus)

Around, around, around I turn  
Around I turn in time

I heard Your name whisper to the wild water  
I'll be strong, I will survive

(Chorus twice)
