Walk miles and wind up at your door  
Walking safe and mark our place with prints and words  
we left for the rest  
But I'm not believing

I would be just fine  
Wait tonight for the time  
And wait just like attention brought us to this place  
I feel I'm losing you  
See that I've been sleeping here not moving  
Not moving at all

Did you feel?  
Did you feel me across this battle we have yet to win?  
Losing everything once you close your eyes  
But I'm not believing

When can I close my eyes?  
Well can you see the dreams I've clearly made for you?

Don't say goodbye
