Where would I be without you?
Without your love in my life
Wondering aimless likely
With no sense of wrong or right
But thankfully I hear you say you love me
And gratefully I give my life to you
You are everything
You are everything
You are everything to me
You are life and breath
You're my daily bread
You are everything to me
Apart from you I'm nothing
You are everything to me

I am the branch, you are the vine
I am no good on my own
So keep me connected to you
I don't want to do this alone, No
You asking me to love you with my whole heart
And it's not so hard since you gave your life for me
You are everything
You are everything
You are everything to me
You are life and breath
You're my daily bread
You are everything to me
Apart from you I'm nothing
You are everything

I couldn't live
I could breath
I couldn't stand on my own two feet
I couldn't make my life worth anything at all
I couldn't laugh
I couldn't cry
I couldn't live or die
Without you, without you

You are everything
You are everything

You are everything to me
You are life and breath
You're my daily bread
You are everything
You are everything, everything

Ohh, you are everything, Jesus
Everything
Ohh, you are life and breath
You're my daily bread
You are everything,
Everything to me
Apart from you I'm nothing
You are everything
Too me
Everything, everything, everything to me
You're everything to me
Everything to me
