Suddenly you can live without me, you're no longer
calling me up.
Hours pass by without you, I can't stop myself from
throwing up.
I'm woken up worrying will you come back I can't sleep
in past eight.
Then when night comes around I'm desperate and
wired and can't fall
asleep till late.

Chorus:

'Cause my psychotic vengeance is on a killing spree.
My neurotic tendence, is just about to set me free.
I think of little excuses, of how I can get to you.
I conjure up things that are abusive and how I'll be
doing them to you

Just 'cause we can't pull through.

I want to call you up and cry to you and plead.
I want to kick you down, kick you till you bleed.
I will bash your face in, I will fuck you up the ass
i am gonna fuck your world up and dwell on
just the past.

Chorus:

'Cause my psychotic vengeance is on a killing spree.
My neurotic tendence, is just about to set me free.
I think of little excuses, of how I can get to you.
I conjure up things that are abusive and how I'll be
doing them to you

god bless the next baffoon

I lost 15 pounds and dyed my hair black to be your
perfect girlfriend.
But you left me for a blonde with meat on her bones
who makes
mistakes now and then.

I find it quaint how you channel energy, it seems as

though you use it,
on everything but me.
Watch how interesting I will react.
Don't question love, 'cause I swear I am so over that.

Chorus:

'Cause my psychotic vengeance is on a killing spree.
My neurotic tendence, is just about to set me free.
I think of little excuses, of how I can get to you.
I conjure up things that are abusive and how I'll be
doing them to you
god i hate my new tattoo.
