Deep in a forest  
A dungeon prepare mystic eye,  
Mystic eye, mystic eye...  
To change the reality,  
Just to control all the wise

The eye of the wolf  
Hunts foolish sense to the grave  
In the end he shall not succeed  
With this way to behave

Do not choose the blind way  
The dungeon gate  
Won't help your fate,  
Won't help your fate

Mystic eye,  
Gives my pain in my sorrow  
Mystic eye,  
Yesterday is tomorrow  
Mystic eye,  
Has it's heart full of lies  
Rob and steal in disguise  
In this Mystic eye

Oh Father, oh Father  
Please take this sign of my hand  
Forgive me, forgive me  
Free all the bounds where I stand  
So many people have lost their lives  
Into the night

Dry to go  
You're hiding from strangers  
High and low  
You're looking for danger  
Time to go  
And search for the Saviour  
Die for gold  
The eye of a prayer

Disguised as an angel  
He tries to deceive human race  
Not even a costume  
Can cover the death in his face

The dark empty forest  
Has paralysed and bound many names  
Beware of the sinful lifestyle  
Your life is no game

Ooh the Mystic eye  
Gives me pain in my sorrow  
Ooh the Mystic eye  
Gives me pain in my sorrow  
Ooh
