If one day remains  
And the truth is to end the glory,  
What picture will you paint this day  
If you fall into sleep, endless pain  
Wake up the sirens will scream your name

You will lose your soul  
And self-control  
Not even pictures can cover that pain

The scene on the screen  
Temptations of healing ages  
The witch has now become your mate  
But the light in her eye is a fake  
One day she will burn and receive her fate

You must make a choice  
To which cross will you bow,  
Only you can decide your own fate

Hail to the King  
Hail the keeper of the key  
Hail to the King  
Hail to the King

I know a place,  
With You I belong  
Let the millennium come  
The shine will be  
A journey to see  
In the morning days  
I won't be afraid

In the morning days  
When the sun arises  
I will see your face  
And my life will never die

You travel in time  
To temples of death and glory  
In which temple will you pray one day  
Can't you see victory pays a price

Stop trembling and listen to my advice

I have made my choice  
I will pray to the cross,  
With the sign of a wounded lamb

So just listen to me  
Through Christ you'll be free  
Paint your picture in Gods holy hand
