Once your here you can't look back
Once your here you can't look back
It consumes you totally
It consumes you totally
A place of no return

We'll suck you in
You kind of get used to a life
Where all you do is create
Beautiful artwork for people to spit on
You'd figure with so many of the masses drowning by
your side
Someone would reach out to help
No one can make it alone
it's a silent war
It's a silent war
It's a silent war
I'm fighting

We'll suck you in
a life where all the pretty people
are worth more than a king
the true value of your soul is based on
the weight around your neck, its almost to much for me
to bear
your plastic skin
and your fucking fake eyes
it's a lonely whore
it's a lonely whore

who's dying

it sucked me in
it'll suck you in
it sucked me in

it's a silent war
It's a silent war
It's a silent war
I'm fighting

The only way you leave

Is in a body bag

I can never leave my town

I will never leave my town

I can never leave my town

I will never leave my town
