Miho Hatori & Baldwin Brothers [Cooking With Laser]

Dream girl, dream girl
Dream girl, dream girl
Dream girl, dream girl
Dream girl, dream girl

I'm living in the dream world that you make
Every night, everything made of
Sweet and pride. I feel so lonely.
Like a bluebird in a cage.

Hard to see dear your Mom's anger
Floating on water, hard to clear.
Walking on eggshells for a longtime
To find your bliss in your mind.

Dream Girl, Dream Girl
You make me feel like I'm not myself
Dream Girl, Dream Girl
Lift me away out of this world.

Dream Girl, Dream Girl
You make me feel like I'm not myself
Dream Girl, Dream Girl
Lift me away out of this world.

If you want me as your dream girl
You won't get my love, I can't be next to you.
Like a normal girl does to you,
My dream is to give what I am to you.

I'm not your enemy, I'm a refugee of your mind.
I find it underneath your soul.
Tell me why I don't feel alright.
Show me your pain and take my chain

Dream Girl, Dream Girl
You make me feel like I'm not myself
Dream Girl, Dream Girl
Lift me away out of this world.

Dream Girl, Dream Girl
You make me feel like I'm not myself
Dream Girl, Dream Girl
Lift me away out of this world.

I got a postcard from the edge, from princess,
What a sledge to be like her mess
Express life, inner strife
All girls are signing and dissatisfying
Hollywood, you know "No Go?"
High or low like a blow or snow
You lost in wood? Childhood dream?
The best laid schemes of mice and men

If you want me as your dream girl
You won't get my love, I can't be next to you.
Like a normal girl does to you,
My dream is to give what I am to you.

(If you want as your) If you want me as your dream girl
