Miho Hatori & Beastie Boys  
[Anthology: The Sounds Of Science]

Is the cup half empty, or is the cup half full?  
Does the sun rise at dawn, or does the earth just spin  
along?  
Or is it all perspective on how we see the world?  
How many countless life forms are on a little ball that  
twirls?

Are we intrinsically separate beings?  
Or could we possibly be parts of the same thing?  
Water feeds the plants and the sunshine makes them  
grow,  
So how can anyone be an island on their own?

Does life make me happy, or does it bring me down?  
Do I have what I need, or do I just want what's around?  
Am I seeing truth, or do I just see wool?  
Well is the cup half empty, or is the cup half full?
