Like truth, never fail a friend

Like a song to the music

Like a heart who's never lie

Please, see it in my eyes!

-

See my eyes

Feel the night

Through my endless arms are feelings in the sky

Must to move stuffs

To reach the moon

Like a praying star are light the truth for you

-

Like a heart, rolling of a broken love

Like a child, going through in sand

Like my soul, reaching inform my body

Like my heart has been deleted like a praying star in
your grip.

-

See my eyes

Feel the night

Through my endless arms are feelings in the sky

Must to move stuffs

To reach the moon

Like a praying star are light the truth for you

-

Like a keyboard who writes what your heart say

Like a cover who's warm you up when you're cold

Like a jar who's hold stuffs in when they start blowing
away

Like you. You holding me close and hug me hard

-

See my eyes

Feel the night

Through my pretty arms are feelings in the sky

Must to move stuffs

To reach the moon

Like a praying star are light the truth for you

-

Like sand, blowing away from dangerous

Like a key, open thing without a code

Like roses, red like blood and darkness
Like my heart, empty of true, empty of love, empty of
everything in this world.

-

See my eyes
Feel the night
Through my pretty arms are feelings in the sky
Must to move stuffs
To reach the moon
Like a praying star are light the truth for you
You're truth
Your only truth
