If I stay here with you I'll end up crazy,
Nothing ever happens all the time,
I want to be Todd Sloane go away leave me alone,
Before I waken up and lose my mind.

Just sit around seeing television,
Sitting in a death trap there's no time,
I tell you what to do, but I haven't got a clue.

Close your eyes search your mind and you'll be fine.
Living out your life with indecision, Someone will
survive
But it's not you.

You just want to stay
I'll make a run
I'll break away
From living a dream that isn't true.

We're all going crazy,
We're all going wild,
We're all going crazy,
We don't run, there's nowhere left to hide
