-intro-

-verse 1-

Fuck you, you fucking fucker,  
I know you're the biggest sucker.  
We don't need a retard like you,  
Two simple words, baby, fuck you.

-chorus-

Fuck you, you fucking fuck,  
Get overdriven by a truck.  
Fuck you, you fucking dick,  
Even your name makes me sick. (x2)

-verse 2-

Take off, everything that's given,  
I want to see you, overdriven.  
We don't like an idiot like you,  
Two simple words, baby, fuck you.
