-intro riff-

-verse 1-

You told me that we will meet!
You lied so much, I feel so weak.
Promised me things so sweet,
Made me feel like a trash, that's so sick!

-verse 2-

I almost liked you, until you betrayed me.
Can't stand this shit, I hope you died!
I think that you should wake up and see,
What it is to be me, after so much you lied!

-bridge-

-verse 3-

Your pretty words... Nothing but a piece of shit!
You're so sick, how can someone be so wicked?
Maybe it's better for you if I get hit,
By truck or train, to me it's all the same.

-bridge-

-chorus-

Betrayed! That's what I am.
Unborned! That's what you should be!
Betrayed! For no reason at all!
So wake up and see...

What it is to be me!
